Computer Engineering Student

Kathmandu , Nepal • 9867683894 • bagalesushil37@gmail.com

@ <https://github.com/Sushil346>  @ <https://www.linkedin.com/in/damodarbagaleofficial/>

Motivated engineering student with a strong interest in technology. Skilled in Python, Data Structures & Algorithms, Machine Learning, and Data Analysis. Ready to apply my education and certifications to practical projects and solutions.

## EDUCATION

---

- **Bachelors in Computer Science Engineering** (2024 – Present)

*Kathmandu Engineering College, Tribhuvan University*

- **+2 - Higher Secondary Education** (2021 – 2023)

*St. Xavier's College, Maitighar, Kathmandu*

- **Lower Secondary Education** (2010 – 2021)

*Shree Santi Barsha Secondary School, Damauli, Tanahun*

## PROJECTS

---

### Data Analysis Projects

[https://github.com/Sushil346/Data\\_Analysis\\_Project](https://github.com/Sushil346/Data_Analysis_Project)

### Student Approval Project

[https://github.com/Sushil346/Student\\_Approval\\_Project](https://github.com/Sushil346/Student_Approval_Project)

## TRAINING /CERTIFICATIONS

---

### Coursera

[Supervised Machine Learning: Regression & Classification](#)

Gained hands-on experience in building ML models and applying algorithms to real-world datasets.

### Free code Camp

[Data Analysis with python](#)

Mastered data manipulation, visualization, and insights generation using Python libraries.

## SKILLS

---

Python (Advanced), Data analysis and Visualization, Problem-Solving & Team collaboration
